

## FULL EXPLANATION OF THE PROJECT OF THE CENTURY DIAGAME : road to “THE PRESIDENT”

The most viral football Gaming APP in history is in the planning stage. The President APP will allow you to become a real COACH, PROCURATOR and PRESIDENT of your football team.

A team that you will train, of which you will create the patterns of play, the strategies... You will buy and sell players, you will face thousands of users from all over the world and thanks to your skills you will be able to generate rich capital gains and/or compete to become the most famous President in the world, leading your team to win THE PRESIDENT CUP, which will reserve a LAMBORGHINI as a prize for the winner.

Diagame has purchased a large part of the shares of this futuristic App and will share the profits with those who will help them in raising funds for the making of THE PRESIDENT Game, supporting their respective Game Credits and, consequently, its currency.

The diacoin already has its own ecosystem and is therefore already usable, but if you keep it in your wallet, each Diacoin will entitle you to receive a Game Credit that will be a small share of the 30% of any future profits of The President that will be divided among all the founders who will take part in the Diagame project . \*

As soon as the funds for the creation of the App will be collected, The President will be released live on online stores and thousands of users from around the world will start to challenge each other! Users will be able to create their own team through a system of free credits, train it, create modules and set up the stadium of their dreams where they can face thousands of users from around the world in daily tournaments, viewable in real time on their smartphone, through advanced 3D graphics.

We will find users who will take part in the various championships, who will build real armies of top players (the game will depend only for 20% on luck and 80% on their managerial and technical skills) and who will climb the rankings to win the President Cup, win great prizes and be recognized as the best TRAINERS in the world.

We will find other users who will build their team with an entrepreneurial eye, as real procurators ... will grow their young players to be able to sell them on the market to the highest bidder among all thousands of users and thus create potential gains in virtual currency, as well as being recognized as the best PROCURATORS in the world.

And finally, there will be other users who want to focus on both challenges, build armies of talent to win the President Cup and at the same time create

significant capital gains through the footballer market, achieving to be recognized as the best PRESIDENTS in the world.

Today you have the opportunity to become a founder of the Diagame project, you can thus start to build a team of affiliates active in the project and consequently an important income thanks to the generous referral compensation plan available... In the meantime a part of the amount collected by the affiliate campaign will go into the development of The President game and its viral marketing campaigns.

As soon as the amount needed to build the most viral Gaming App ever will have been collected, the affiliate program will be interrupted and it will no longer be possible to access the Diagame founder club.

At the time of the launch of the App the founders who have kept DiaCoin and consequently Game Credits will have access, LISTEN CAREFULLY, to the distribution of 30% of The President's App's profits. The more Game Credits you have when the app is complete, the more share percentage you will have of all the president's profits FOREVER. \*

On every transaction within the app between buying and selling players, The President App will keep a 1.5% fee that will go towards building that turnover to which you too can have access!!!

For example, Candy Crush has a turnover of \$1.5 billion in 2018 with users spending an average of €4.2 million PER DAY.

In your opinion, with an extraordinary soccer game, with amazing graphics, based on players' skills ... with the richest prizes ever seen in any gaming App in history and that gives you the opportunity to create capital gains and thus DiaCoin income (which you can transform into Bitcoin) .... won't we at least do the same?

**WE ARE GOING TO DO MUCH MORE THAN THAT!!!!**

Remember, the "collection" through the referral compensation plan will be for a FIXED PERIOD OF TIME.

Once the necessary funds will be collected to set up the APP and to support the marketing expenses, the referral plan will be suspended, as will the possibility of being part of the founding team that will give you access to future profits.

Sign up now, collect as many Game Credits as possible, but above all contact all your friends who are passionate about soccer before your neighbour does so!

## Summary concept map

**I, USER :** BET ON WHAT I AM SURE WILL BE THE MOST POWERFUL GAMING APP EVER. I BUY MY DIACOINS THAT WILL ENTITLE ME TO RECEIVE GAME CREDITS (THE FUTURE "PROFIT SHARES") AND I SHARE THIS INFORMATION WITH MY FRIENDS BY CREATING A TEAM OF VISIONARY FOUNDERS.

**DIAGAME :** TOGETHER WITH ITS BUSINESS PARTNERS CONTINUES THE DEVELOPMENT OF THE APP AND KEEPS US INFORMED WEEKLY ON THE DEVELOPMENTS WITH VIDEOS AND INTERVIEWS TO DEVELOPERS AND THE COMPANY.

**ALL :** WHEN THE APP IS COMPLETED, BILLIONS OF USERS FROM ALL OVER THE WORLD WILL START BUILDING THEIR TEAM, FROM TRAINING, TRADING CAMPAIGNS AND SALE OF PLAYERS...TO CHALLENGING EACH OTHER IN TOURNAMENTS UP TO THE LAST PENALTY. THEY WILL BE ABLE TO CREATE CAPITAL GAINS FROM THE FOOTBALLER MARKET THAT THEY CAN TRANSFORM INTO BITCOINS ... OR CHOOSE TO BUILD A STRONG TEAM TO WIN THE PRESIDENT CUP THAT ENTITLES TO RICH PRIZES INCLUDING A LAMBORGHINI FOR THE WINNER.

SOME OF THESE USERS WILL BE THE OLD VISIONARY FOUNDERS, WHO IN ADDITION TO THE GAME ACCESS, TO THE FACT THAT THEY MAY HAVE ALREADY BUILT SOME REVENUES DURING THE AFFILIATION PERIOD, WILL ALSO SHARE 30% OF CORPORATE PROFITS OF THE APP BASED ON THE NUMBER OF SHARES (GAME CREDIT) THAT THEY KEPT IN THE MONEYBOX\*.

OH, I FORGOT... DO YOU THINK THAT THE VIRTUAL CURRENCY (DIACOIN) THAT WILL BE USED FOR EACH TRANSACTION WITHIN THE GAME MAY NOT SEE ITS VALUE FLUCTUATE, BY CHANCE?

I'LL LEAVE THAT TO YOU :)

WELCOME TO THE MOST EPIC FOUNDING TEAM EVER!!!!

\* the distribution of any profits through the shares given by the possession of Game Credits is NOT a guarantee as it will depend solely and exclusively on the economic results of the game "The President". In fact, such results cannot be guaranteed a priori and could be influenced by external factors or unpredictable facts. By signing the agreement, the affiliate therefore declares to have been informed about the possible risks and to have accepted them.

## VISION AND MISSION “THE PRESIDENT”

"Our vision is to build, thanks to the collaboration of thousands of visionaries, the most profitable and viral gaming app in history. An app that will be known worldwide for the rich prizes it will give to the most loyal users and for the opportunity to create real earnings in virtual currency.

The mission is to give for the first time the opportunity to anyone to show the world their qualities as a coach, procurator and president of a football team and, why not, to stand out in the eyes of the world as the new next door Pep Guardiola.“
